## News from the **PRESIDENT**

*Paul Keneally*

Hello Members,

During the month of July, Briarwood will be hosting both the 2012 State Am, and the Tangle. These are excellent opportunities to show off our great golf course. Sean and his crew are working hard to make sure that our course is in the most presentable condition for these events. I would like to ask all members to please help out by making sure to fix divots, repair ball marks, rake bunkers, and keep carts on paths where available. We all have a course to be extremely proud of.

Make sure to include Briarwood in your Fourth of July celebrations. The annual flag tournament is always a great outing. On Saturday, July 7th, Briarwood will be kicking off the "Summer Series" events, with a live band and BBQ dinner.

Our membership drive will be ending at the end of July. Make sure to keep reminding your friends and family about the great membership opportunities available. Thank you to all the members that have been referring new members to the Briarwood.

## News *from the* RESTAURANT

*Kenzie White*

Hello All,

We've had a great start to summer so far! If you haven't been down to the restaurant lately and tried the new menu, you're really missing out!

I wanted to remind everyone about the events we have planned for the restaurant on a weekly basis. Monday night we have our Men's League Buffet. Tuesday night we have a couple's style dinner including: an appetizer to split, two entrees, and a dessert to split for one great price! Wednesday night we have a BBQ on the deck. Thursday Night we have pasta night where the chefs will make pasta to order right in front of you! Friday and Saturday nights we are keeping open for various other events the club may have. Sunday night we will have Family Night. This will consist of family size portions at your table.

On July 7th we will start our Summer Kickoff Series. This will include a BBQ and some sort of live entertainment. On the 7th we will have a BBQ from 3PM-9PM and a live band starting later.

We invite everyone to come down and check out the new events we have planned weekly; there's a whole new atmosphere for everyone to enjoy!

## News *from the* MAINTENANCE DEPARTMENT

### Greens

The greens are being mowed and rolled to produce green speeds at 10 to 10 ½ feet measured with the stimpmeter. Your fellow members and I would appreciate it if everyone would make an extra effort to repair ball marks. With the increasing temperatures, ball mark damage will be slower to heal. As temperatures increase and the humidity decreases, it becomes necessary to supplement the irrigation cycle with hand watering. The contours and collars are the first places to dry out and extra watering becomes necessary. Please make sure that employees watering the greens have made eye contact with you before hitting into the green. That way no one gets injured while performing his or her job.

### Bunkers

It may not be known to all golfers that bunkers are a hazard and should always be thought of as such. Proper etiquette dictates that after taking a shot (or two!) from the bunker, the player rake his or her footprints and divot smooth while exiting the bunker. This allows for all following players to have an equal place to play their shot. Here is a little known fact -- Continuous disregard of etiquette to the detriment of others can be a serious breach of the rules of golf and may lead to your disqualification under rule 33-7.

### Golf Course

From July to the end of August we will try to keep the course in the best shape possible, considering the environmental conditions. As temperatures permit we will make more improvements to the course.

Have a great summer and enjoy your golf course!
