It seems like each time the course is almost ready to open for golf, mother nature decides that we must wait a little longer. However, the snow will not be here forever, and soon the weather will be warmer, the grass getting greener, and we all can get back to enjoying our course.

During the last board meeting, Carol Kirby was appointed to fill a vacancy on the board. Carol brings with her a great experience of working with a board of directors, business and human resources background, and a drive to continue the positive direction of our golf club. Please join us in saying “Thank you” to Carol for volunteering her time and dedication.

Last, in accordance with our clubs by-laws, the annual member meeting will be held on the second Tuesday of March, so mark your calendars for March 12th 2013. We will have three board positions up for election. If you are interested, please send in your resume. This is a great opportunity to bring your ideas, compassion, and experience to our golf club. The more candidates we have will only help improve the future of the Briarwood!!

The snow is starting to melt and the weather is getting warmer which means the 2013 season is right around the corner. This is the time of the year to come down to the pro shop and check out all the latest and greatest equipment from the top golf manufactures. We have new equipment and appeal from TaylorMade, Nike, and Oakley, among many others.

Saturday, March 23 we will be having our “March Madness” tournament to coincide with the NCAA Final Four. Call the Pro-Shop for more details.

Don't forget we have begun to take sign-ups for a NEW event out here at Briarwood, the “2-Person Team Challenge.” Call the Pro-Shop to sign up and for more details.

March will be a transitional month for us as we move from indoor projects to outside golf course cleanup. Where the drought from last year prevented any healing of the 2011 flood damage, we will make an effort to add irrigation. That way I can grow in some areas, that have already been seeded but didn't grow in due to insufficient rainfall. These areas will include the 2 tee area, 6 and 7. The area on 2 will only be the area on the east side of the creek. The land between Briarwood Blvd. and the #2 bridge has no economical way to get irrigation, so will be seeded with a non-irrigated crop seed and will be left to develop on its own. If that turns out to be unsatisfactory, then we will have to make plans to bring in irrigation. During March, as with any month in Montana, all projects are subject delays stemming from weather issues, financial issue, and priorities being shifted. As this is the beginning of a new season, if anyone has an issue or suggestion, and or question please make sure to let someone, in the appropriate department, know so that issues can be dealt with in a timely fashion.

REMINDER!

March is the last month for “Use-it-or-lose-it”! Please come out and enjoy the great food in our Restaurant.
